

Virginia No-Till Alliance

Harrisonburg Winter Conference

Farmers Talking Soil Health

February 9, 2022

New Location

Binkley & Hurst Facility

4310 South Valley Pike, Harrisonburg, VA 22801

8:00 a.m. - 3:30 p.m.

Featured Speakers

Steve Groff is the developer of the famous Tillage Radish and is the founder of Cover Crop Coaching which educates farmers and farm advisors about effective cover crop use and soil health principles.

Steve and his family, farm 200 acres of cover crops for seed, pumpkins, hemp, and heirloom tomatoes in Lancaster County, Pennsylvania. Some fields have been continuously no tilled for 39 years! He has spoken all over the U.S and in a dozen

other countries. For the past 20 years he has pursued how to make nutrient dense foods a reality on his farm. His recently released book is titled "The Future Proof Farm; Changing Mindsets in a Changing World".

Anthony Beery began his farming career in the Shenandoah Valley growing up on a family dairy and poultry farm. In 2018 he transitioned from dairy and poultry, selling the farm in Rockingham County, to cash cropping in Central Virginia, purchasing land in Cumberland County. With the new farm came new challenges: lower fertility, resistant weeds, neglected land, and hotter summers. Anthony is applying the fundamental principles of soil health to his new farm where he is seeing growth in both yields and soil health.

He is currently raising corn, soybeans, wheat, and orchardgrass on 500 acres of cropland and is constantly looking for ways to improve soil health.

Plus: Trade Show

- ⇒ Networking with farmers & agricultural consultants
- ⇒ Nutrient Management Planner credits
- ⇒ Certified Crop Advisor credits
- ⇒ No-Till Champion Award

Registration is Free
